October 25, 2016

Dear Parents and Guardians:

This afternoon our school was placed in a lockdown due to a threatening situation. During lockdowns and secure school situations, we work closely with the Ottawa Police Service who were called to the school immediately and arrived promptly.

There were no injuries and at no time was staff or students directly threatened. The Ottawa Police have a suspect in custody.

We were very pleased with the response of staff and students. They acted quickly in accordance with the school crisis response plan.

Please take some time tonight to speak to your child about this experience. We have attached a resource on tips to support your child.

This is a good opportunity to remind your child that school staff and board counselors are always available at the school to meet with any student requiring assistance or support.

The safety of our students is our utmost concern.

Sincerely,  
Gerard Stephenson  
Principal  
Mother Teresa High School
